

DATABASE STRUCTURE:

The screenshot shows the phpMyAdmin interface for the database `flower_shop_db`. The left sidebar displays a tree view of databases, with `flower_shop_db` expanded to show its tables: `cart`, `message`, `orders`, `products`, `users`, and `wishlist`. The main area shows a table structure with the following data:

| Table | Action | Rows | Type | Collation | Size | Overhead |
|----------|---|------|--------|--------------------|----------|----------|
| cart | Browse Structure Search Insert Empty Drop | 0 | InnoDB | utf8mb4_general_ci | 16.0 Kib | - |
| message | Browse Structure Search Insert Empty Drop | 0 | InnoDB | utf8mb4_general_ci | 16.0 Kib | - |
| orders | Browse Structure Search Insert Empty Drop | 1 | InnoDB | utf8mb4_general_ci | 16.0 Kib | - |
| products | Browse Structure Search Insert Empty Drop | 14 | InnoDB | utf8mb4_general_ci | 16.0 Kib | - |
| users | Browse Structure Search Insert Empty Drop | 6 | InnoDB | utf8mb4_general_ci | 16.0 Kib | - |
| wishlist | Browse Structure Search Insert Empty Drop | 0 | InnoDB | utf8mb4_general_ci | 16.0 Kib | - |

Total: 21 InnoDB utf8mb4_general_ci 96.0 Kib 0 B

Below the table, there are buttons for `Check all` and `With selected:`. The bottom section contains links for `Print` and `Data dictionary`, and a form for creating a new table with fields for `Table name` (empty), `Number of columns` (4), and a `Create` button.

USERS

The screenshot shows the phpMyAdmin interface for a MySQL database named 'flower_shop_db'. The 'users' table is selected. The interface includes a sidebar with a tree view of databases and tables, and various navigation and operation buttons at the top.

ABOUT US

The screenshot shows a Microsoft Edge browser window with the following details:

- Title Bar:** Displays "about" in the title field and "localhost/flowershop/about.php" in the address bar.
- Header:** Features the logo "BLOOM & BLOSSOM" with a rose icon, followed by navigation links: HOME, PAGES, SHOP, ORDERS, ACCOUNT, and icons for search, user profile, heart, and cart.
- Main Content:** A large section titled "ABOUT US" with a sub-link "HOME / ABOUT US". To the left is a photograph of a white flower arrangement in a light blue vase.
- Section Header:** "Why Choose Us?"
- Text:** Four bullet points describing the shop's offerings:
 - Freshness Guaranteed:** We source the freshest flowers from trusted suppliers to ensure longevity and vibrant beauty in every arrangement.
 - Customized Arrangements:** Our skilled florists work with you to create bespoke bouquets and arrangements tailored to your preferences and occasions.
 - Exceptional Customer Service:** We pride ourselves on providing a friendly, personalized shopping experience, whether you're visiting our shop or ordering online.
 - Wide Variety:** From classic roses to exotic orchids, we offer a diverse selection of flowers to suit all tastes and events.
- Taskbar:** Shows various pinned application icons including Mail, Photos, Netflix, File Explorer, Task View, Word, Excel, Powerpoint, OneNote, Edge, WhatsApp, YouTube, and others.
- System Tray:** Displays system status icons for battery, signal, and date/time (12:02, 2024/05/31).

The screenshot shows the phpMyAdmin interface running in a browser window. The URL is `http://localhost/phpmyadmin/index.php?route=/sql&pos=0&db=flower_shop_db&table=message`. The main content area displays the results of the SQL query `SELECT * FROM `message`;`. A green message bar at the top indicates that MySQL returned an empty result set (i.e. zero rows). Below the query results, there is a table header for the `message` table:

| <code>id</code> | <code>user_id</code> | <code>name</code> | <code>email</code> | <code>number</code> | <code>message</code> |
|-----------------|----------------------|-------------------|--------------------|---------------------|----------------------|
|-----------------|----------------------|-------------------|--------------------|---------------------|----------------------|

On the left sidebar, the database structure is shown under the `flower_shop_db` schema, including tables like `cart`, `message`, `orders`, `products`, `users`, and `wishlist`. The bottom of the screen shows a taskbar with various application icons and system status indicators.

A screenshot of a web browser window showing a contact form for a flower shop website.

The browser title bar shows "contact" and the URL "localhost/flowershop/contact.php".

The website header includes a logo with two roses, the text "BLOOM & BLOSSOM", and navigation links for HOME, PAGES, SHOP, ORDERS, and ACCOUNT. It also features a search icon, a user profile icon, a heart icon with "(o)", and a shopping cart icon with "(o)".

The main content area has a dark background and displays the heading "CONTACT US" in large white letters, followed by a breadcrumb trail "HOME / CONTACT".

A central form box is titled "SEND US MESSAGE!" and contains four input fields:

- User123
- user123@gmail.com
- 0123456789
- BEAUTIFUL FLOWERS !!!

The browser taskbar at the bottom shows various open application icons, and the system tray indicates the date as 2024/05/31 and the time as 12:06.

A screenshot of a web browser displaying a flower shop's contact page. The URL in the address bar is `localhost/flowershop/contact.php`.

The page title is "contact". The main content area features a logo of two pink roses and the text "BLOOM & BLOSSOM". The navigation menu includes links for HOME, PAGES, SHOP, ORDERS, and ACCOUNT. A search icon, user profile icon, heart icon (0), and shopping cart icon (0) are also present.

The central contact form has a header "BEAUTIFUL FLOWERS !!!" and a "Send Message" button.

The footer is divided into four sections: QUICK LINKS, EXTRA LINKS, CONTACT INFO, and FOLLOW US. The footer also contains a taskbar with various application icons and system status indicators.

Wishlist

The screenshot shows the phpMyAdmin interface running in a web browser. The URL in the address bar is `http://localhost/phpmyadmin/index.php?route=/sql&pos=0&db=flower_shop_db&table=wishlist`. The browser's title bar shows "wishlist" and "localhost / 127.0.0.1 / flower_sh".

The left sidebar displays a tree view of databases and tables:

- New
- flower_shop_db
 - New
 - cart
 - message
 - orders
 - products
 - users
 - wishlist
- information_schema
- mysql
- performance_schema
- phpmyadmin
- test

The main panel is titled "Table: wishlist". It shows the results of the query `SELECT * FROM `wishlist``, which returned zero rows. The results grid has columns: id, user_id, pid, name, price, and image.

Below the results, there are "Query results operations" and "Bookmark this SQL query" buttons. The system status bar at the bottom shows various icons and the date/time: 12:22, 2024/06/12.

The screenshot shows the phpMyAdmin interface for the 'wishlist' table in the 'flower_shop_db' database. The table structure is displayed with columns: id, user_id, pid, name, price, and image. A single row is present with values: id 68, user_id 2, pid 28, name 'Orange Roses', price 349, and image 'orange roses.png'. The interface includes various navigation and management tools like Browse, Structure, SQL, and Export.

Admin Pages

A screenshot of a web browser window displaying a login form for an admin interface. The browser's address bar shows the URL `http://localhost/flowershop/login.php`. The main content area features a centered login form with a white background and a thin black border.

The form includes the following elements:

- A header section with the text "LOGIN NOW" in a bold, black, sans-serif font.
- A text input field containing the email address `admin01@gmail.com`.
- A text input field containing a password represented by five dots (".....").
- A pink rectangular button with the text "Login Now" in white.
- A link text "don't have an account? [register now](#)" at the bottom right.

The browser's toolbar at the top includes icons for refresh, search, and various extensions. The taskbar at the bottom shows pinned application icons for Microsoft Word, Excel, PowerPoint, and others, along with system status indicators like battery level, signal strength, and date/time.

The screenshot shows a web browser window displaying an admin panel for a flower shop. The URL in the address bar is `http://localhost/flowershop/admin_page.php`. The page title is "ADMIN PANEL".

The main content area is titled "DASHBOARD" and contains eight data cards arranged in two rows of four:

- R349/-** (Total Pending Payments)
Sub-card: Total Pending
- R0/-** (Completed Payments)
Sub-card: Completed Paymets
- 1** (Orders Placed)
Sub-card: Orders Placed
- 1** (Normal Users)
- 1** (Admin Users)
- 2** (Total Accounts)
- 1** (New Messages)

To the right of the dashboard, there is a sidebar with user information and navigation links:

- Username: Admin01
- Email: Admin01@Gmail.Com
- [Logout](#)
- [New Login | Register](#)

The bottom of the screen shows a taskbar with various application icons and system status indicators.

The screenshot shows a web browser window displaying an admin panel for a flower shop. The URL in the address bar is `http://localhost/flowershop/admin_page.php`. The page title is "ADMIN PANEL". The main header features a logo of two roses and the text "ADMIN PANEL". Below the header, there is a navigation menu with links for "HOME", "PRODUCTS", "ORDERS", "USERS", and "MESSAGES". On the right side of the header is a user profile icon.

DASHBOARD

The dashboard displays eight key metrics in a grid:

| R349/- | R0/- | 1 | 14 |
|---------------|--------------------|----------------|----------------|
| Total Pending | Completed Payments | Orders Placed | Products Added |
| 1 | 1 | 2 | 1 |
| Normal Users | Admin Users | Total Accounts | New Messages |

At the bottom of the screen, a dark taskbar shows various open application icons, including Microsoft Edge, File Explorer, Task View, Netflix, File Explorer, Mail, Word, Excel, PowerPoint, OneNote, Microsoft Store, Microsoft Teams, Microsoft Edge, YouTube, Microsoft Store, Microsoft Edge, and Microsoft Edge. The system tray on the right shows the date (2024/06/12), time (12:31), battery level, signal strength, and system language (ENG US).
